

Fee Schedule #3

Prepayment Policy

Residential

ELECTRICAL DISTRICT
NUMBER TWO PINAL COUNTY
P.O. BOX 548
COOLIDGE. ARIZONA 85228

All Customers must come into the District Office and apply for service.

The District requires a prepayment of:

\$200.00 for each single family dwelling (house, including apartments)

\$160.00 for each single family dwelling (mobile home with refrigeration)

\$100.00 for each single family dwelling (mobile home with evaporative cooling)

This prepayment is deposited in an interest bearing savings account for a period of two (2) years. At the end of the two (2) year period, the customer account is reviewed and if it has been paid on a current basis (no more than three (3) late notices in a twelve (12) month period), the prepayment is refunded with interest, either in full or in part.

If the customer moves from our service prior to the two (2) year period, the final bill is deducted from the prepayment amount and the balance is forwarded to the customer.

Any previous customer that had been served for a minimum of two (2) years applying for service and whose charges were paid on a current basis will be reinstated with no prepayment.
