Pre-Payment Policy
Residential
Effective January 1, 2006

All customers must come into the District Office and apply for service.
The District requires a prepayment of:

\$ 200.00 for each single family dwelling (house)

\$ 160.00 for each single family dwelling (mobile with refrigeration)

\$ 100.00 for each single family dwelling (mobile with evaporative cooling)

This prepayment is deposited in an interest bearing back savings account for a period of two (2) years. At the end of the two (2) year period, the customer account is reviewed and if it has been paid on a current basis, the prepayment is refunded with interest, either in full or in part.

If the customer moves from our service prior to the two (2) year period, the final bill is deducted from the prepayment amount and the balance is forwarded to the customer.
